

22 Cobargo Road GYMEA BAY NSW

5 2 1

This delightful, very affordable, brick home is perfectly positioned in a whisper quiet location in the heart of Gymea Bay. Perched up high in a commanding position on an easy care 594sqm approx block, this spacious 5 bedroom family home affords ample living space to appease the entire family. A fantastic retreat with en-suite, kitchenette and walk in robe commands the top floor position and would work perfectly as either a parents or teenagers retreat. The middle floor features four very generous bedrooms, each with built in robes and an abundance of natural light, a generous living room which is currently used as a formal dining room, but would work equally well as a second lounge room, and an informal dining room adjacent to the very neat kitchen which leads to a sunny, private courtyard. The lower level boasts a rumpus/family room with sliding doors leading to a private balcony with bush outlook. The single lock up garage boasts loads of extra storage space.
